from show to show!

# LIFTING WHEEL

Our multifunctional Lifting wheel can be attached to stages, truss parts and other décor pieces up to 130 kg, allowing you to move them around smoothly. The wheel lifts 27 mm up and down and when lowered you can use the maximum load of your stagedeck.

## 3 WAYS TO USE

### Stage riser

Use halfcouplers to mount the Lifting wheel to your standard stage legs. When no additional movement is required, lift the wheel off the floor and you can use the maximum load of your stage.

### Truss mover

Mount the lifting wheel on your truss frame, such as a DJ booth, with a truss attachment and roll it easily on and off stage.

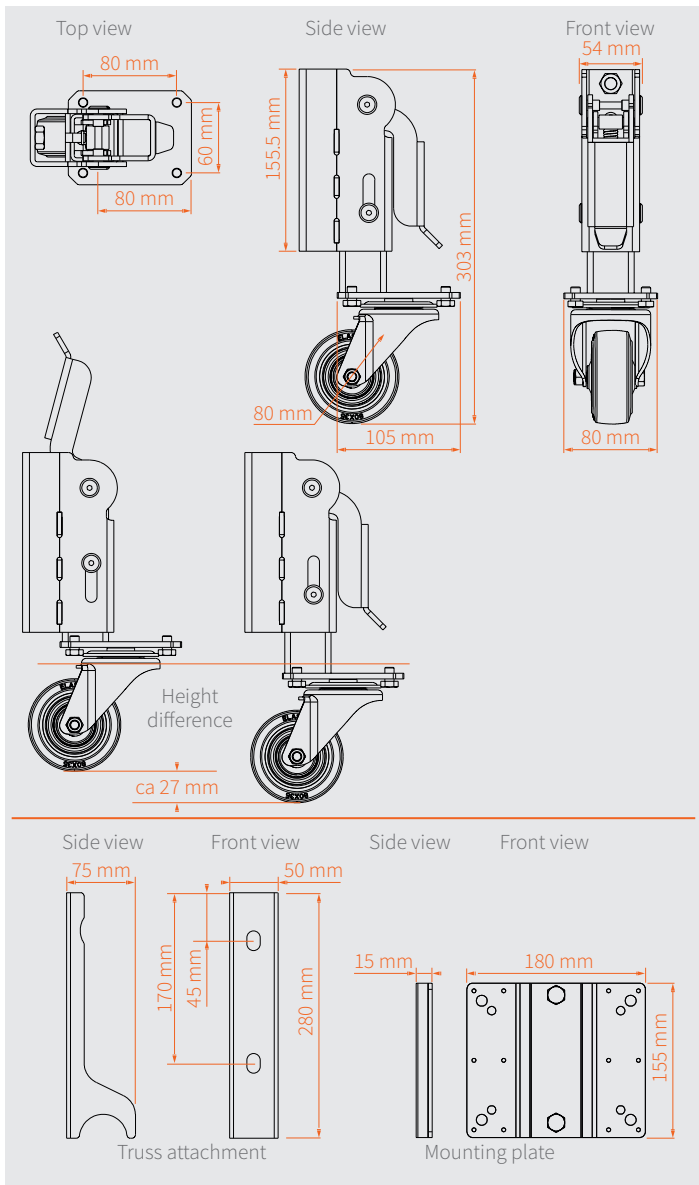

### Box riser

Wooden boxes or other types of décor pieces can also be quickly moved around by attaching the wheel with a mounting plate attachment.

## DIMENSIONS

## TECHNICAL DATA

### Lifting wheel

Article code:	POPOAL04
EAN:	8720094420837
WLL:	130 kg
Castor:	80 mm swivel castor
Lifting height:	27 mm
Material:	2 mm zinc plated metal
Dimensions:	105 x 80 x 303 mm (L x W x H)
Weight:	2.95 kg

### Truss attachment

Article code:	POPOALT4
EAN:	8720094420851
Suitable for:	truss 30; center to center 239 mm
Material:	2 mm zinc plated metal
Dimensions:	280 x 50 x 75 mm (L x W x H)
Weight:	0.7 kg

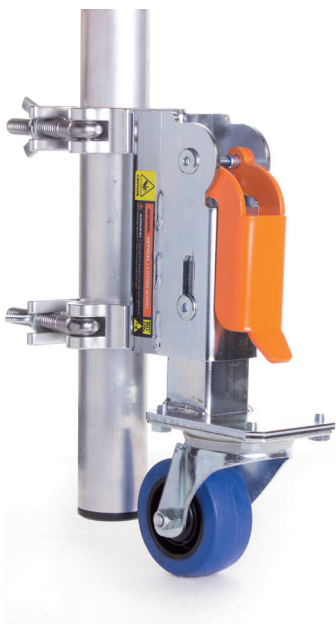

\* half couplers not included

### Mounting plate

Article code:	POPOALT2
EAN:	8720094420844
Holes:	4 x Ø 11 mm 4 x Ø 8.5 mm
Material:	5 mm zinc plated metal
Dimensions:	180 x 15 x 155 mm (L x W x H)
Weight:	0.9 kg

\* half couplers not included
