DENON 100+ YEARS "LEGACY OF FIRSTS" IN AUDIO TECHNOLOGY

Built-in Bluetooth for Music Streaming

Stream music from your favourite music services with D-T1. Connect to Bluetooth on the D-T1 and pair it with your Bluetooth-enabled smart device. Then, enjoy virtually endless songs, podcasts and online radio stations.

Exceptional Sound Engineering

Enjoy the exceptional sound engineering that's synonymous with Denon. Two-way speakers with a 12cm woofer and 2.5cm soft dome tweeter combine to improve instrument clarity and controlled sound. Listen to your favourite music with perfect accuracy and enthusiast quality.

Easy Set Up Experience

Start listening right away. The D-T1 is fast and intuitive to set up, taking just minutes to unbox and fill your home with music. Connect to your favorite streaming services with ease or just pop in a CD. The choice is yours.

Minimal Footprint

The D-T1 packs massive sound into compact design. One of the most sophisticated mini-systems on the market, the D-T1 was built to fit comfortably in your living room, on a kitchen counter, or anywhere else in your home.

Stylish Design

With a minimal, elegant design, the D-T1 blends seamlessly with your décor. The sophisticated look accentuates the musical quality of the Denon mini-system.

Radio and CD Listening

More ways to enjoy your favorite audio content. The D-T1 features an FM/AM tuner — listen to your preferred stations with Denon sonic quality. Play CDs from your favorite artists with the integrated CD player. The D-T1 supports CD-R/CD-RW (WMA or MP3) formatting.

Enhanced Audio for TV and Media Players

Optimize the sound of your TV and other media devices with the Optical input on the D-T1. Connect your TV, gaming console, or media player to the D-T1 with an Optical cable and amplify your gaming experience or bring other content to life with audio quality that defines the Denon legacy.

Headphone Jack

Enjoy a more personal connection to all of your music. Connect your favorite headphones to the D-T1 via the integrated headphone jack.

Durable Materials

Built with durable materials and designed to last.

100+ Years of Firsts in Audio Technology

Founded in 1910, Denon has a deep heritage of "firsts" in audio technology — from Japan's first audio electronics manufacturer, to producing the world's first commercial CDs. This focused investment in audio R&D ensures you get the latest technology and highest quality with every listening experience.
