

## WiiM Voice Remote

Discover the WiiM Voice Remote, specially designed for the WiiM Mini and WiiM Pro/Pro+. Equipped with 4 pre-programmed buttons and a «Push to talk» button, the WiiM Voice Remote lets you easily manage your audio system.

### ENHANCE YOUR LISTENING EXPERIENCE

Use the remote control with your voice to search and control via Alexa (no additional built-in Alexa device required).

### EASY TO INSTALL

Open the WiiM Home application and easily link it to any of your WiiM Mini or Pro devices.

### SINGLE-BUTTON CONTROL

Use the remote control to play or pause, skip to the previous or next song, control volume, mute and launch your favorite preset song, radio station, podcast or anything else at the touch of a button.

### FOUR CUSTOMIZABLE PRESET BUTTONS

Use them as presets for your favorite music, or customize them to control other devices.
