Communicating in a noisy environment

Innovative Noise Filter

VOKKERO GUARDIAN

Benefits

Make decisions quickly

Save time

Restore communication & improve team coordination

Reduce and eliminate the risk of misunderstandings in all conditions

Improving user safety

Reduce stress

IMPROVING QUALITY OF LIFE AT WORK

A diversified customer portfolio

A diverse range of competitors

Walkie Talkies

Pros +:

- Brand awareness
- Simple, rugged, affordable
- Range ++

Cons - :

- Simplex technology (one speaks after the other)
- No Noise filter
- No hands free
- Poor audio quality

Mesh Technology Headsets

Pros +:

- Everything is included in the headset
- Range increases as number of users increases

Cons - :

- No choice for headset
- Noise filter not as good as Vokkero's
- Frequency 2,4Ghz (frequently saturated)

Vokkero like technologies

Pros +:

- Full duplex
- Hands free
- Range ~ Vokkero
- Also exists with everything included in the headset

Cons - :

- Noise filter not as good as Vokkero's
- Complexity of use
- Average audio quality
- Number of users limited compared to Vokkero

Thanks for your attention!
